

## COVID-19

GVV has taken all necessary precautions to protect our staff, our families, our customers and all our business partners. We have amended our processes and implemented extra hygiene measures to limit any exposure to COVID-19. We will continue to educate our staff and the rest of our community on preventive measures, symptoms and actions. We will also continuously implement any recommendations from the World Health Organisation.

President Cyril Ramaphosa said;

“Fellow South Africans, this epidemic will pass. But it is up to us to determine how long it will last, how damaging it will be, and how long it will take our economy and our country to recover. It is true that we are facing a grave emergency. But if we act together, if we act now, and if we act decisively, we will overcome it.”
